HISTORY Tea, South Dakota

The town of Tea was plotted in 1900 and incorporated in 1906.

Prior to 1902, when the town was incorporated, the community was called Byron. When the post office was to be established, the postal service asked town leaders to provide a list of 10 possible names. There were already several towns using the name of Byron.

Townpeople gathered in the general store and provided nine names, but got stumped for a tenth. So the decision was made to break for tea. The beverage became the tenth option, which was approved by the postal service and became the town's new name.

The town's first newspaper, The Tea Signal, was published by Paul Harkness in 1914 and 1915. Some clippings are still available for viewing at the Tea museum.

• • • • •

The members of the Tea Area Historical Society, founded in the fall of 1999, serve as the guardians of Tea area history. Many of the town's records and artifacts are stored at the museum operated by the Historical Society at 200 W. Maple St. The group also published a book in 2002 called Time for Tea. Copies of the book are still available for purchase.

To get a copy, send a check or money order, plus \$5 per item for shipping and handling, to: Tea Area Historical Society, PO Box 51, Tea, SD 57064

Many of the Historical Society's records come from the town's first (unofficial) historian, Idena Schriever. Idena's husband, Calvin, operated the Crescent Cream Station in Tea from 1920 to 1943.

The first Tea school was established in 1879 with 11 students. Mr. Mahor served as the district's first teacher.

As of 2015, the district had about 1,500 students enrolled, with three buildings—an elementary, intermediate, middle school and high school (shared building)—and a business office building, all located in Tea. The newly established second elementary is located in southern Sioux Falls near 41st Street and Tea-Ellis Road.

School District

TEA AREA

Academics, Athletics, Arts

The Tea Area School District is proud to be an active member of one of the fastest growing communities in the area. The Tea Area School District has a talented staff and supportive community working with the students to facilitate a sense of belonging for all, a passion for student success, and a relentless pursuit of student achievement.

Tea Area High School offers a myriad of courses. The comprehensive curriculum provides a wide variety of courses from advanced placement and dual credit to career and technical opportunities. The middle school provides wheel classes, STEM curriculum, and accelerated academic classes. Our middle school and high school students are in a one-to-one environment with Chromebooks.

The District offers many opportunities to our elementary students as we focus on differentiated instruction. We begin with offering junior kindergarten to our youngest learners. We are proud of our STEM (Science, Technology, Engineering, and Mathematics) programming. Currently, we are the only district in the state to offer Project Lead The Way Launch programing to our elementary students. Coupled with the Launch curriculum is our teacher designed STEM days with a culminating science fair for students in the Intermediate grades.

The District is proud to offer both a community preschool (Tea Sprouts) and T.A.S.K (Tea After School Kids). TASK is a before, after, and summer program for students in junior kindergarten through 6th grade. It is open 7 a.m. to 6 p.m. and provides a wide variety of opportunities for our students and families.

Titans have a wide variety of extracurricular opportunities. Students enjoy opportunities in a wide range of programs including drama, oral interpretation, marching band, pep band, jazz band, choir, SADD, cheer & dance, student council, yearbook, FCCLA, NHS, golf, football, volleyball, basketball, wrestling, cross country, soccer and track & field.

The school district offers the best of both worlds as it is large enough to offer a variety of course offerings and extracurricular opportunities, but small enough for students, teachers, and families to all know one another.

Tea Area Historical Society

PO Box 51 • Tea, SD

The Tea Area Historical Society's largest project has been the establishment of a museum in the building that formerly housed St. Nicholas Catholic Church. The church's social hall and kitchen provide a meeting area for the historical society, family reunions, Tuesday card playing and visiting for senior citizens, pancake meals, Lions Club and more.

In the early 2000's the society published *Time for Tea*, a book of over 400 pages with nearly 750 pictures and about 360 family stories.

Along with recapturing Tea's history, the society manages to find time to host events. The selection and crowning of Ma and Pa Teapot and the pancake breakfast are sponsored by the group during Teapot Days. At Christmas, the Tea Pot Society (associated with the Historical Society) also hosts a Christmas Tea, a fund raiser for a future Tea Pot Museum.

The museum is open on an 'as needed' basis. Call any of the officers for a tour. Boy Scouts & Girl Scouts

Creating tomorrow's leaders

Cub Scouts: Cub Scouting means "doing." Activities are used to achieve the aims of Scouting — citizenship training, character development, and personal fitness. Apart from the fun and excitement of Cub Scout activities, the Cub Scout Promise, the Law of the Pack, and the Cub Scout sign, handshake, motto, and salute all teach good citizenship and contribute to a boy's sense of belonging. Contact Jim Johnson at 605.498.1880 for more information.

.....

Boy Scouts: Boy Scouting is available to boys who have earned the Arrow of Light Award and are at least 10 years old (or have completed the fifth grade) through 18 years old. The program achieves the BSA's objectives of developing character, citizenship, and personal fitness. Contact Jim Johnson at 605.498.1880 for more information.

.....

Girl Scouts: Girl Scouts strives to help girls build character and skills for success in the real world in a nurturing environment. In partnership with committed adult volunteers, girls develop qualities that will serve them all their lives, like leadership, strong values, social conscience, and conviction about their own potential and self-worth.
